Dear Bargain Boxes,

I am writing to thank you for your wonderful service over the last two weeks. The boxes and packing tips were great, I never would have packed my belongings that well if it hadn't been for your website and the wonderful packing instructions. All of my breakables made the move without any problems. The boxes were much better than the ones from the self-storage place, and much cheaper. Buying the 4 bedroom kit made it easy for me, I really didn't have to think too hard about which boxes to get.

Most of all, I appreciate your willingness to help me even though I didn't plan ahead. I still can't believe that you were able to move us at the last minute, and I've very impressed with how quickly and professionally it was done. The movers took their shoes off in our new house and I never once heard anything bump the walls or slide on the hardwood floors. The fact that you not only gave us your quote, but quotes from other moving companies showed that you cared about us and were truly in this business to help customers move instead of just moving them.

Thanks so much! Moving was much less stressful knowing we had a "moving consultant" at our side.
